### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Kline on May 24, 2004.

The application has been amended as follows: On page 5, line 5, --or channel— is inserted after "hole". On page 5, line 21, both occurrences of "41" are deleted. On page 8, lines 20-21, "extended in a direction perpendicular to that of the protrusion" is deleted.

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach the claimed lock including a pivoted shackle, combination tumbler wheel assembly, a backup key locking assembly and a push button.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
